

May 21, 2003

Dear Friends:

Recently, the Indiana Bureau of Motor Vehicles informed us that individuals desiring to purchase personalized 2004 Indiana State Police Memorial license plate, are required to have their requests submitted to the department by September 1, 2003. **The September 1, 2003, deadline only applies to personalized license plate requests.** The Indiana State Police Memorial license plates that are not personalized can be ordered at anytime during the year.

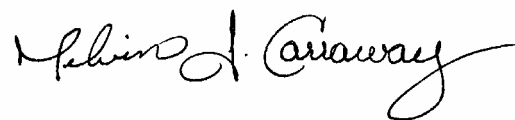

The department has received an overwhelming response from those expressing an interest in the Indiana State Police Memorial license plate. It is important to note that a minimum of 500 license plates must be purchased annually in order for the memorial license plate to remain in production. Moreover, the department is required to submit verification of a minimum of 500 Indiana State Police Memorial license plate requests to the Indiana Bureau of Motor Vehicles **by July 31 each year, beginning this year.**

We have created a list of frequently asked questions which we believe will be helpful to you. Also, we suggest that you periodically check our website for any new and important information which may pertain to the Indiana State Police Memorial and license plates.

We appreciate your support in ensuring that the Indiana State Police Memorial, which honors the 41 Indiana State Police employees that made the ultimate sacrifice for the citizens of the state of Indiana, is maintained with dignity and class.

If you should have any questions, feel free to contact Martha Arnold at (317) 232-8314, or (800) 622-4995.

Sincerely,

A handwritten signature in black ink, reading "Melvin J. Carraway". The signature is fluid and cursive, with the first name "Melvin" and last name "Carraway" clearly legible.

Melvin J. Carraway
Superintendent
